Midlet Permissions Hack Patch without c2z for Rompatcher

All credit goes to **Ni3x** as this patch provide by him later in this thread.. so moved to first post and thnx to **didac30** for providing the patch in sis format. 😊

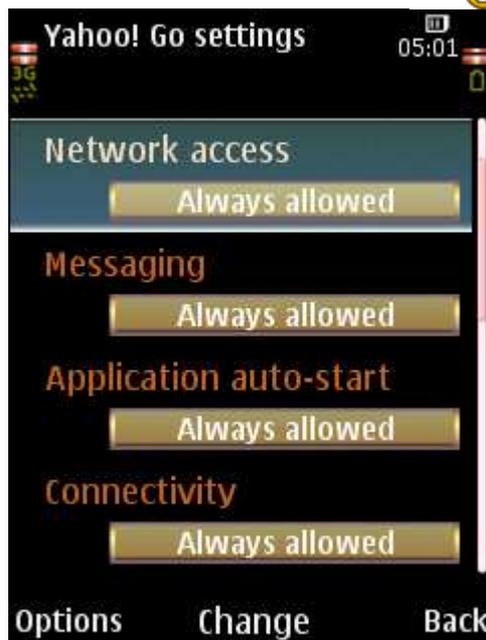

Thanks to Segalx 🙌

copy **c2zbin.rmp** to E:\patches\ then aplly

copy MIDP2SECURITYPOLICYV2.DLL to C:\sys\bin\
copy midp2 dir to C:\system\data\

Now U can check "Data mgr - app manager - Installed apps" and see like this :
for example my yahoo setting 🙌
